

ABDELRAHMAN SAYED

FRONT-END DEVELOPER

Location: Egypt, Cairo

Phone : +0201062374384

GitHub : <https://github.com/Abdelrahman0963>

Portfolio: <https://abdelrahman-psi.vercel.app/>

SUMMARY

Front-End Developer specializing in React.js, Next.js, and TypeScript with a focus on creating fast, accessible, and user-centered web experiences. Adept at turning product ideas into clean, maintainable code and collaborating across teams to deliver high-quality results. Constantly exploring modern frontend tools and performance techniques to craft exceptional user interfaces.

EDUCATION

Bachelor's in Management Information Systems

Thees Academy – 2022 | GPA: 2.17

Grde: Good with Honors

Professional Experience

Front-End Developer Intern

Huma volve | Oct 2025 – Now

Working with a team of developers on multiple web projects using React and modern frontend technologies.

Contributing to building responsive interfaces and improving user experience.

-Front-Ed Developer Trainee

Earaasft | Feb 2025 – Aug 2025

1- Copleted an intensive diploma in modern front-end development covering HTML, CSS, JavaScript (ES6+), React.js, and Next.js.

2- Built multiple projects using JavaScript Native and Next.js, focusing on responsive design, API integration, and state management.

3- Strengthened skills in clean code, debugging, and version control (Git/GitHub).

-JUNIOR SALES

ERAA SOFT | SEP2024 - MAR 2025

Gained teamwork, communication, and problem-solving skills while supporting client needs.
Improved adaptability and time management in a fast-paced environment.

PROJECTS

Clinic Booking Website

Role: Frontend Developer (Team Project)

Tech Stack: React, TypeScript, Redux Toolkit, Shadcn/UI, TailwindCSS, Axios

Description:

A web application for booking medical clinics, developed collaboratively with a frontend and backend team.

My Responsibilities:

- Implemented **authentication system** (login, signup, protected routes).
- Developed **payment methods** integration and management pages.
- Built and managed **Profile Info** and **Update Profile** sections with form validation and API integration.
- Collaborated with backend developers to ensure seamless data flow and error handling.

Key Learning: Improved my understanding of teamwork, API handling, and real-world project architecture.

E-commerce-Bay3

Developed a fully functional e-commerce platform using Next.js, TypeScript, React Query, and TailwindCSS for a fully responsive UI. Implemented global state management with Zustand and integrated Strapi as the backend CMS to manage products, users, and orders dynamically.

SKILLS

Technical Skills:

Programming Languages: JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js, Bootstrap, Tailwind CSS, shadcn/ui

State & Data Management: Redux Toolkit, RTK Query, React Query, Zustand

Networking & APIs: Axios, RESTful APIs, JSON handling

Architecture & Patterns: Component-Based Architecture, Reusable UI Components

Tools & Platforms: Git, GitHub, VS Code, npm, Vite, Netlify, Vercel

Performance & Optimization: Responsive Design, Web Optimization, Debugging & Troubleshooting

UI|UX: Accessibility Standards, UI/UX Best Practices
